Military Theory By MILAN VEGO All too often, the critical importance of military theory either is not well understood or is completely ignored by many officers. A reason for this is their apparent lack of knowledge and understanding of the relationship between theory and practice and the real purpose of military theory.

Military theory is the analysis of normative behavior and trends in military affairs and military history, beyond simply describing events in war, Military theories, especially since the influence of Clausewitz in the nineteenth century, attempt to encapsulate the complex cultural, political and economic relationships between societies and the conflicts they create.

### **Military theory - Wikipedia**

military capabilities, refracted by habit: as often as not, you just do what you can, regardless of what course of action may be deemed optimal in theory. Still, the impact of theory upon practice has not been negligible, either. Although writers on war are sometimes too ready to impute exaggerated importance to books "as
